

How to Change your Default Browser in Windows 10

1. In the search box next to Start  button on the taskbar, type **Choose a default web browser**.
2. In the search results, select **Choose a default web browser**.
3. Under **Web browser**, click on the browser currently listed, and then select **Microsoft Edge** or another browser. Close the Settings window.

If the above does not work, try the following instructions, depending on which browser you use.

Google Chrome

To set Google Chrome as your default Windows browser, take the following steps.

1. Open the Google Chrome browser.
2. Select the **Chrome menu** button, represented by **three horizontal lines** and located in the upper-right corner of the browser window.
3. When the drop-down menu appears, select the **Settings** option.
4. In the left pane, select **Default browser**.
5. Select **Make default**.

Microsoft Edge

To set Microsoft Edge as your default browser in Windows 10, take the following steps.

1. Open the Microsoft Edge browser.
2. Select **Settings and more**, represented by **three dots** and located in the upper-right corner of the browser window and choose **Settings**.
3. In the left pane, select **Default browser**.
4. Select **Make Default**.

Mozilla Firefox

To set Mozilla Firefox as your default Windows browser, take the following steps.

1. Open the Firefox browser.
2. Select the **Firefox menu** button, represented by **three horizontal lines** and located in the upper-right corner of the browser window.
3. When the pop-out menu appears, select **Options**.
4. The first section in the **General** tab, labeled **Startup**, contains your browser settings. Select **Make Default**.

To use Firefox with ARIS 12c you will also need to do the following:

1. Select the **Firefox menu** button, represented by **three horizontal lines** and located in the upper-right corner of the browser window.
2. When the pop-out menu appears, select **Options**.
3. Under **'Applications'** → Content Type: 'JNLP File' and 'Action': select **'Use Java™ Web Launcher (default)'**.
